

IRON COUNTY RECORD.

Vol. 16.

Cedar City, Iron County, Utah, Friday May 14, 1909.

No. 23

NORMAL WINS FROM BEAVER.

Murdock Academy Boys no Match for Men From State Institution.

Normal Athletes Take First Place Every Event but two. Score, Normal 66 1-2, Beaver 37 1-2.

By a decisive score of 66 1/2 to 37 1/2 the athletes of the Branch Normal won in their field meet with the Murdock Academy. It was a complete victory; for at no stage in the contest was there any doubt as to the outcome. As soon as the hundred yard dash was run, and two of the Normal sprinters, Fife and Cooper, came sailing over the line several feet in advance of the dearest man among the Beaver bunch, it was clear not only to the Normal boys but also to Coach Snyder, of Beaver, that the contest was practically won. The Beaver boys, however, showed pluck of the highest order; for notwithstanding the fact that they saw early in the contest that they were outclassed in practically every event, yet they fought with a grim tenacity, and contended hard for every inch of ground lost.

But it was like fighting against fate. In every one of the sprints they went down to defeat, and in some of them could scarcely keep within hailing distance of the men from the state school. Fife, Cooper, Myers, and Clark were in a class by themselves, and had no difficulty whatever in taking first place in every event.

There was only one casualty that might have affected the result of the score. Richards from Beaver, hurt his knee in the high jump, and as a result was unable to continue in that event or take part in the pole vaulting. But that fact, however unfortunate it was, could not have materially changed the result. We are informed that Snow, of Beaver, tied Richards almost every day in the high jumping; and Fife beat Snow with little effort after Richards withdrew. Beaver might have won the pole-vault had Richards been able to vault, but that, too, is only a "might have." Wilkinson, of the Normal, not only beat all the Beaver vaulters, but when the stick was raised six inches higher than the point where the Beaverites failed, Wilkinson went over it with as much ease and grace as ever.

Victory for the Normal seemed in the very air; there was not an athlete but had made up his mind to do his utmost, and a student could not be seen that wore a back which indicated lack of confidence. The day before the contest it was almost impossible to keep up the regular routine work. Friday morning the third years started the stampede, which broke all discipline, when they marched into students' chapel wearing badges bearing the inscription "Help Us Beat Beaver." That was the signal for a rousing meeting in which students and teachers vied with each other in giving advice and encouragement to the athletes. Before the afternoon had progressed far, the first years came out with what they considered an improvement on the third year slogan. "Watch us Beat Beaver" was their war-cry. Then as a climactic stunt the second years, in the dead of night, visited nearly every home and business house in town posting on windows, doors, and other conspicuous places their slogan of school patriotism, "Yell, Root, Boost, Win—Normal." With the town decorated everywhere with Normal colors and mottoes, the Beaver people must have concluded when they entered town that they would have to fight to the last ditch in order to win.

The Beaver athletes and instructors, numbering about twenty five, arrived in Cedar about eleven o'clock Friday. They were met by a reception committee of the students who arranged for their entertainment. In the afternoon at five o'clock they were banqueted by the girls of the Domestic Arts class, under the direction of Miss Bowman; and in the evening they were guests of honor at a ball given for them in the Normal Auditorium.

Although the weather for several days previous had been very unsettled and threatening, Saturday morning dawned clear, and it was evident that it would be an ideal day for a track meet. At ten o'clock there were fully five hundred people assembled on the Normal campus. Dr. Clark, of Beaver, was chosen official starter, Instructors Gardner and Day of the respective schools, with Will Gares judges, and the contest was on.

Special mention ought to be made of a few striking events. Wilkinson in the pole vault, notwithstanding the doctor had early in the spring forbidden him to jump on account of the condition of one of his knees, carried off first honors in the pole vaulting. Cooper in the hurdles lowered the state record winning over all his opponents by several rods. Myers in the half showed up in splendid form, and will we predict, make a close race for championship honors in the state high school meet. Clark in the mile run was pre-eminent the best man by all odds, winning against a great many odds the race Beaver was so confident of carrying off. Of course, Fife was a tower of strength to the Normal team and must not be forgotten, but certainly every man did his utmost, and prizes must be distributed all round.

Following are the events and the winners in each:

100 yard dash—Fife N 1st, Cooper N 2nd, Riggs M 3rd. Time 10 2-5.

High Jump—Fife N 1st, Snow M 2nd, Richards M 3rd. 5 ft. 3 1-2 inches.

Half Mile—Myers N 1st, McBride N 2nd, Pendleton M 3rd. Time 2 17.

Hammer—Snow M 1st, Wilson M 2nd, Fife N 3rd. Time 2 17.

220 yard dash—Cooper N 1st, Fife N 2nd, Granger N and Riggs M tied. Time 24 sec.

440 dash—Myers N 1st, Luke M 2nd, McBride N 3rd, time 5 sec.

220 Hurdle—Cooper N 1st, Smith M 2nd, Ollerton M 3rd. Time 27 sec.

Pole Vault—Wilkinson N 1st, Barton M, 2nd, Ollerton M 3rd. 9 feet 1-2 inches.

Mile run—Clark N 1st, Heaton M 2nd, Gubler N 3rd. Time 5 min 18 2-5 sec.

Broad Jump—Granger N 1st, Cooper N 2nd, Riggs M 3rd. 20 ft. 2 1-2 inches.

Shot—Riggs M 1st, Snow M 2nd, Granger N 3rd. 38 1-2 ft.

Relay—Won by Normal. Fife, Granger, Cooper, Myers.

While the contest was in progress the third years showed their business acumen by dispensing oranges and ice cream to all who desired them.

In the evening the Beaver people were again entertained by the Normal students.

Altogether the contest was a very good one. There were no disagreements or unpleasantness, and a very fraternal spirit was manifested by both sides. Such contests will no doubt have a splendid effect in promoting good feeling and healthy rivalry between the two schools.

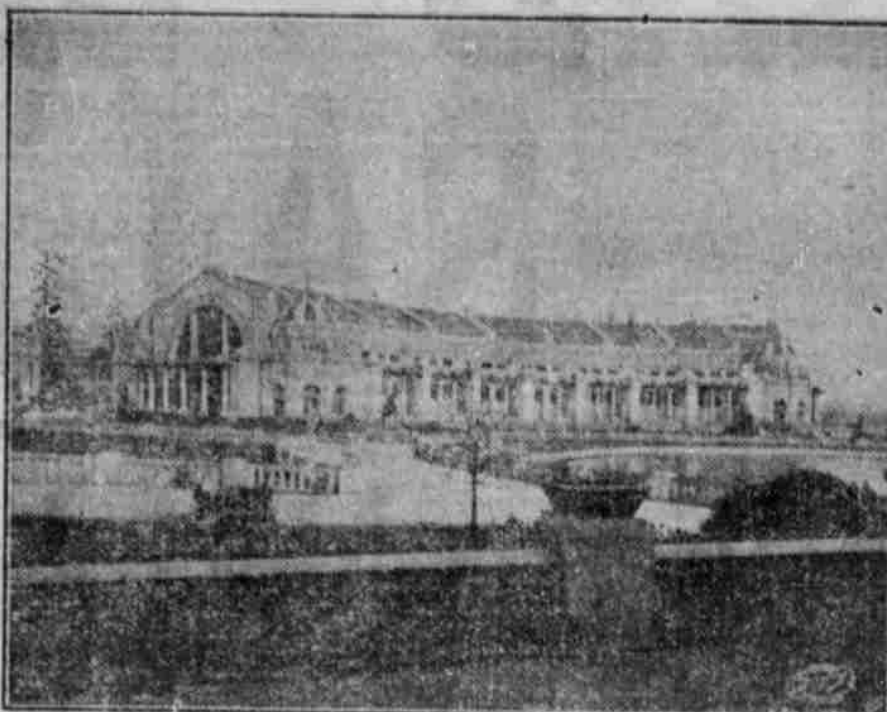

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O.

Sold by all druggists. Take Hall's Family Pills for constipation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy. Never fails. Buy it now. It may save life.

Chamberlain's Cough Remedy. Cures Colds, Croup and Whooping Cough.

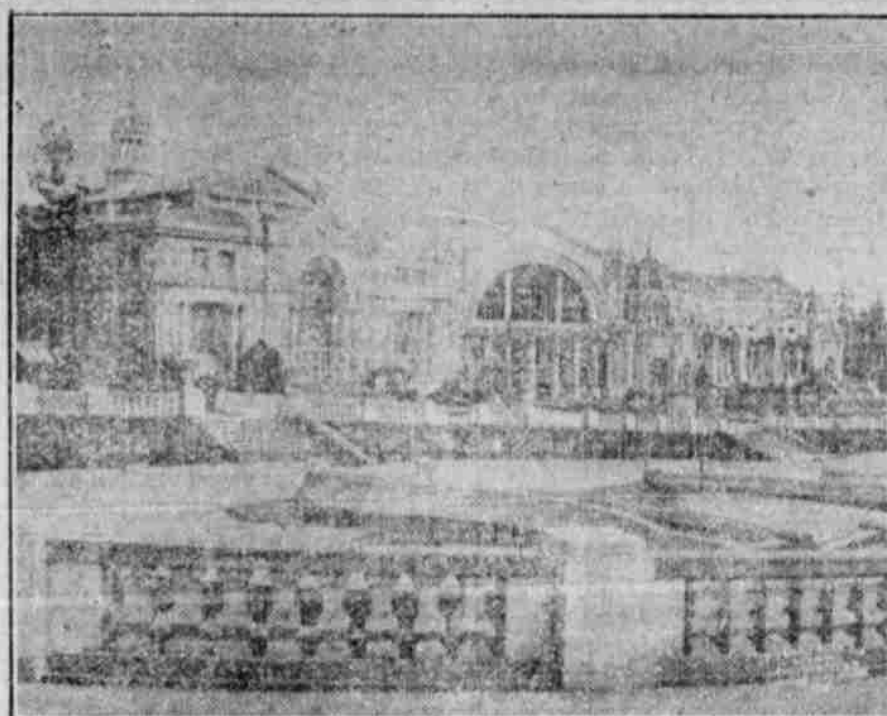

MANUFACTURERS BUILDING.

On the eastern side of Geyser Basin, at the Alaska-Yukon-Pacific Exposition, the handsome Manufacturers Building looks across the restless waters of the Cascades and the flashing foam of "Old Faithful," the reproduction of its namesake in Yellowstone National Park.

Its location is the most central of any of the exposition buildings, and its architectural design is especially fitting for the position it has been given. It was one of the first great exhibition palaces to be completed, and before the end of last year was ready for the reception of its vast collection of exhibits. It will house a magnificent assortment of the highest examples of man's ingenuity and invention, and within its walls will be gathered specimens of manufactured articles from the workshops of every nation of importance in the world.

It overlooks the finest of the formal gardens of the exposition, and its splendid line of pergolas, with their vine-covered columns and blossoming flowers, complete a restful and pleasing view. At no part of the grounds can be seen a more beautiful illuminating effect than is presented from the open pergolas during the late evening and early night. A million sparkling electric bulbs flash their white lights through the waters and scattered throughout the greenery, hundreds of electrolights mingle their many hues with the riot of colors. Looking down the gentle slope of Cascade Avenue the glowing light of two lakes is brought into vision and adds the delights of a broad, light-sprinkled stretch of forest-enclosed waters to the whole effect.

ORIENTAL PALACE AND MANUFACTURERS BUILDING.

The Palace of Oriental Exhibits and Manufacturers Building have a frontage on Cascade Court and Geyser Basin and look across at Foreign Exhibits and Agricultural Palaces; Yukon Avenue separates these magnificent display buildings, and in the back ground the state buildings of Oregon and California are located.

Construction work on these buildings was completed last year and exhibits are being received and placed in position. The Oriental Palace will house the most valuable collection of Far Eastern art that has ever been sent from the Orient, and will present displays from Japan, China, India, Ceylon, Straits Settlements, French Indo China, Borneo, Java and all the eastern countries of Asia.

The Manufacturers building encloses a vast amount of exhibit space and every foot of this has been engaged for display purposes by domestic and foreign manufacturers. The interest manifested in this department of the Alaska-Yukon-Pacific Exposition is world-wide and competitive displays will be general and comprehensive. Exhibits are being daily received and the heavy work of installation is rapidly being accomplished.

Summit Briefs.

Summit, May 11.

Many of the friends of Miss Mildred Dalley will be surprised to know of her marriage which occurred May 9th at the home of Justice of the Peace, Nelson B. Dalley. She will be known from now on as Mrs. Angus Riggs.

Mrs. Amy Green, daughter of Nelson B. Dalley, is visiting with her parents here. Mrs. H. H. Hammel is also visiting with her mother, Mrs. Elzina Hulet.

The Summit creek has been very high these warm days, and it has been impossible to keep water in town.

Tetter, Salt Rheum and Eczema. Are cured by Chamberlain's Salve. One application relieves the itching and burning sensation.

Mrs. John Day of Enterprise was in Cedar the fore part of the week visiting with her mother Mrs. Tait, and attending to some private business. The lady is feeling well and gives out the information that Enterprise is building up rapidly and that several very substantial new residences are being erected, among which is one of her own, that is up to date in every respect.

Notice.

We are going to put in a new and larger Roller Mill and look for it about June 10th. People who have wheat on hand should rush it in as early as possible as the Mill will close to put in the new one.

C. J. ARTHUR, Superintendent.

Do you use printed stationery? If not, why not? THE RECORD.

"The Merry Milkmaids."

The Alumni association of the Branch Normal must be congratulated on the very splendid manner in which it presented the "Merry Milkmaids." To do the justice that was done to such a piece of work there must have been a great deal of painstaking care and drill in getting all the parts properly balanced and trained. And the fact that the piece was rendered so smoothly as well as artistically is evidence that a good deal of training was had. We are informed that the operetta was put on under the immediate direction of Mrs. Ada Wood Webster. She has certainly given the people of Cedar another instance of her marked ability in training voices in chorus work. As a whole we think the chorus work was a shade better than the solo parts. Some of the solo voices were too small for opera work; this was especially noted in contrast with the firm, solid, sonorous work of the choruses. Some of the soloists, however, showed up in splendid form, and altogether this part of the work was very creditable. In the sneaking parts there was a little stiffness that could well have been dispensed with. This, too, was more apparent in contrast with the German doctor, who was perfectly at ease and acted his part like a veteran of the stage. As a whole we think this production very creditable, and in some respects superior to anything of its kind that has been put on in Cedar this year.

A word of praise ought to be extended to the officers and members of the Alumni association. The effort which they have made in the hour snatched from very busy lives, was entirely gratuitous. They labored faithfully with one object in view: The promotion and advancement of the Branch Normal school.

All the funds derived from the entertainment are to be spent in advertising the Normal, and sending out speakers through southern Utah to correct some misunderstandings which the people have been led to believe through false reports.

There was a large audience at the rendition of the "Merry Milkmaids." We understand, however, that it is to be repeated during "Commencement Week." If that is the case everyone can afford to take this opportunity of seeing the "Merry Milkmaids" again.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive organs, purify the stomach, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by Palace Drug Store.

Mr. Evans of Parowan has brought his wife down to Cedar and placed her under the care of a doctor. The lady has been suffering from rheumatism for several months past and it was thought best to have her here so that she might receive the best medical assistance possible.

Whooping Cough.

"In February our daughter had the whooping cough. Mr. Lane, of Hartland, recommended Chamberlain's Cough Remedy and said it gave his customers the best of satisfaction. We found it as he said, and can recommend it to anyone having children troubled with whooping cough," says Mrs. A. Ross, of Durand, Mich. For sale by Palace Drug Store.

The Eastwood Sewing Class will again meet at the Normal, Wednesday, May 19, as this will be the last class held during the school year. All are cordially invited.

MRS. G. W. DECKER, President.

Per secretary.

For a burn or scald apply Chamberlain's Salve. It will allay the pain almost instantly and quickly heal the injured parts. For sale by Palace Drug Store.
